Important Tips On

Virtual Classroom Learning

Distance learning ideas on creating a quality learning environment in the home, how to monitor and review students' learning, support punctuality and regular attendance, and more.

Special Education

How to support children with special needs in virtual learning in collaboration with teachers.

Digital Technology

Learn helpful technology tips as we explore several virtual course tools used by many students and teachers today. Gain confidence in your ability to support your child in today's technology-enhanced learning environment.

Questions & Answers

At the end of the webinar, the audience has the opportunity to ask questions, get clarification on a specific topic covered, provide suggestions, and make comments.

Questions and comments can be addressed in Spanish or English.

Featured Speakers: Dean Chinaka DomNwachukwu (CSUSB); Superintendents Ted Alejandre (SBCSS) and Judy White (RCOE); and Jim & Judy Watson (Watson & Associates)
